

Review and Reflect

Due Monday by 10am **Points** 20 **Submitting** a media recording or a file upload

Instructions: Answer the following questions either in writing (you'll upload a .txt file) or by video. Feel free to refresh your memory of concepts by going back into the challenges from the week.

No need to stress if you aren't an eloquent writer -- feel free to keep your answers short, as long as they're in your own words. We're looking for understanding, not judging your creative writing skills.

1. Briefly describe your understanding of what the browser does, including definitions of the following:

- o client
- o server
- o render

2. What is HTML? In your answer, include definitions of the following:

- o tag
- o element
- o node
- o attribute
- o block element
- o inline element

3. Very briefly, explain the purpose of the following elements:

- o head
- o body
- o p
- o form
- o div
- o span
- o select
- o h2
- o ol
- o ul
- o table
- o tr
- o td

Some Rubric (3)				
Criteria	Ratings			Pts
 explain the client / server relationship threshold: 3.0 pts	Exceeds Expectations 5.0 pts	Meets Expectations 3.0 pts	Does Not Meet Expectations 0.0 pts	5.0 pts
explain the browser's role	Exceeds Expectations 5.0 pts	Meets Expectations 3.0 pts	Does Not Meet Expectations 0.0 pts	5.0 pts
define HTML and explain its purpose	Exceeds Expectations 5.0 pts	Meets Expectations 3.0 pts	Does Not Meet Expectations 0.0 pts	5.0 pts
identify the purpose of common HTML elements	Exceeds Expectations 5.0 pts	Meets Expectations 3.0 pts	Does Not Meet Expectations 0.0 pts	5.0 pts
Total Points: 20.0
